

Class of 2020

Graduation Picture/ Video Requirements and Recommendations

For the image you will need to take a picture in your cap and gown. For uniformity and clarity, we recommend the following:
Hang up the gown and stole for a day or two in advance to remove wrinkles or hang in the bathroom to steam it if necessary before you take the picture.
Take picture against a plain or simple background.
Can be outside or inside. If outside, shade works best to avoid glare. Outside shots do look very nice- perhaps at a park with trees or vegetation in the background.
Only the graduate can be in the picture- no family members or friends
Picture must be in cap and gown- that is why we are arranging for pick up of these items prior to the due date of pictures and videos.
Pictures and videos can be either portrait or landscape but may be modified to fit a vertical box.
Try to use a full length or 3/4 image, as it is projected vertically. See the samples on our website graduation page. www.RKA141.org
****Photo is due June 4****

For the video, again this will be 10-15 seconds, and uploaded to the Marching Order/Stage Clip site.
Must be done in cap and gown,
Only the graduate can be in the video- no family members or friends
Speak clearly and slowly
Check for background noise.
Simple backgrounds indoors or out
No profanity or inappropriate content.
****Videos are due June 4*****
